DECLARATION OF WUKOSON

DECLARATION OF GEORGE P. WUKOSON

I, George P. Wukoson, declare as follows:

1. I am an attorney licensed to practice law in the State of New York and before the bars of the Southern and Eastern Districts of New York. I am an associate with the law firm of Davis Wright Tremaine LLP (“DWT”), counsel to the Plaintiffs in this action, admitted *pro hac vice*.

2. In support of Plaintiffs’ motion for preliminary injunction, filed March 16, 2015, Plaintiffs filed with the Court several volumes of declarations and exhibits. Among those exhibits were print-outs and screenshots of the website operated by Create New Technology (HK) Limited (“CNT”), located at itvpad.com, as well as of CNT’s Facebook page. These exhibits—and in particular, Exhibits 7, 14, 16 through 19, 21-24 and 29 of Document Numbers 23-2 and 23-3—show CNT’s advertising and marketing of various Infringing TVpad applications or “apps” (hereinafter the “Infringing TVpad Apps”). These and other exhibits—in particular Exhibits 8, 15, 17-18, 20, 26 and 29 of Document Numbers 23-2 and 23-3—also show CNT touting the TVpad device as a means for overseas Chinese to access Chinese language content from mainland China, Taiwan and Hong Kong, including copyrighted CCTV and TVB programs, for free. All of these exhibits were compiled by Plaintiffs’ investigation firm, Mintz Group LLC.

3. After entry of the Court’s preliminary injunction order in this action on June 11, 2015, I and a paralegal acting under my direction and control, accessed the same itvpad.com webpages and Facebook pages previously preserved and submitted in support of Plaintiffs’ motion for preliminary injunction. We did so in order to determine whether the CNT web pages that previously advertised Infringing TVpad Apps and touted the availability of Plaintiffs’ programming for free had been removed, as required by the Court’s preliminary injunction order. I also looked to see whether CNT had added any new advertising of similar character to its websites and Facebook pages since entry of the Court’s Order. Finally, I reviewed the official

1 fan forum that CNT operates at tvpadfanforum.com to determine whether CNT was
2 allowing users to add new posts that advertise the free availability of CCTV and
3 TVB programs on the TVpad. The results of my research are detailed below.

4 **CNT's Websites Continues to Actively Promote the Infringing TVpad Apps**

5 4. In summary, based on our review, all of the pages on CNT's itvpad.com
6 website that Plaintiffs submitted to the Court in support of their preliminary
7 injunction motion remain unchanged in all material respects.

8 5. Moreover, since approximately June 9, 2015, CNT has duplicated all
9 material content from the itvpad.com website on a new "official" TVpad website
10 located at mtvpad.com. Attached hereto as **Exhibit 1** is a true and correct copy of a
11 notice of the change of the domain, identifying mtvpad.com as the new location for
12 the TVpad official website and store, as of June 9, 2015. Despite this notice
13 indicating a migration to the new website, both the itvpad.com and mtvpad.com
14 websites continue to operate.

15 6. The new mtvpad.com website continues to tout the TVpad as a device
16 that offers Chinese-language TV and video-on-demand programming without
17 monthly fees. As detailed in the Declaration that Mintz investigator Christopher
18 Weil submitted in support of the preliminary injunction motion, the itvpad.com
19 website touted the TVpad as a means of providing overseas Chinese content from
20 mainland China, Taiwan and Honk Kong. Declaration of Christopher Weil, dated
21 Mar. 6, 2015 [Doc. No. 23-1] ("Weil PI Decl.") ¶¶ 19, 29, 31, Ex. 8. CNT has since
22 expanded this language to add the following statement on the mtvpad.com website:

23 Cooperated with tens of excellent app providers worldwide,
24 TVpad offers you massive customized apps, making it
25 possible for you to enjoy live shows, VOD, time-shifting,
26 and more Chinese contents [sic] abroad. The latest 1080P
27 movies, TV dramas from Chinese
28 mainland/HK/Taiwan/USA/Japan/

1 South Korea or the sports shows you just missed are all on
2 TVpad4.

3 Sports VOD 12-hour time-shifting 72-hour playback

4 Born for overseas Chinese

5 As before, since entry of the preliminary injunction, this CNT website continues to
6 advertise Infringing TVpad Apps that stream CCTV and TVB programs and even
7 adds one additional Infringing TVpad App. A true and correct copy of this
8 webpage, located at <http://en.mtvpad.com/tvpad4/index.html> and printed on August
9 5, 2015, and which I confirmed accurately reflect the contents of the webpage, is
10 attached hereto as **Exhibit 2**.

11 7. Elsewhere on CNT's websites, CNT continues to use images of the
12 Infringing TVpad Apps to advertise the TVpad device. As noted in the Weil PI
13 Declaration, at [http://tvpaden.itvpad.com/products/](http://tvpaden.itvpad.com/products/c52cefa10d124950a125de7399f6c1e3.html)
14 [c52cefa10d124950a125de7399f6c1e3.html](http://tvpaden.itvpad.com/products/c52cefa10d124950a125de7399f6c1e3.html), CNT uses images of the Infringing
15 TVpad Apps to advertise its product offerings. Weil PI Decl. ¶¶ 18, 25(d), Ex. 7.
16 While some of the advertising text has changed, I confirmed that the same Infringing
17 TVpad Apps still appear at that webpage since entry of the Preliminary Injunction.
18 Moreover, the content using the Infringing TVpad Apps to market the TVpad device
19 is replicated on the new CNT webpage located at
20 <http://tvpaden.mtvpad.com/products/c52cefa10d124950a125de7399f6c1e3.html>.
21 True and correct copies of the aforementioned webpages, printed on July 28, 2015
22 and which I confirmed accurately reflect these webpages, are attached hereto as
23 **Exhibit 3**.

24 8. As noted in the Weil PI Declaration, on the Chinese-language version of
25 its website, CNT uses graphics from the BETV Plus and Yue Hai apps—two of the
26 Infringing TVpad Apps—in connection with promoting the TVpad4, at
27 http://www.itvpad.com/tvpad4/tvpad_cn.html. Weil PI Decl. ¶ 32, Ex. 14. I
28 confirmed that the webpage appears to be materially unaltered since entry of the

1 Preliminary Injunction, with all of the graphics reflecting the Infringing TVpad Apps
2 still present. Moreover, the same content has since been replicated on the new CNT
3 website at http://www.mtvpad.com/tvpad4/tvpad_cn.html. True and correct copies
4 of the aforementioned webpages, printed on July 28, 2015 and August 11, 2015
5 respectively, and which I confirmed accurately reflect the content of these webpages,
6 are attached hereto as **Exhibit 4**.

7 9. On the blog portions of CNT's website, CNT also continues to use the
8 Infringing TVpad apps to promote its TVpad device. As noted in the Weil PI
9 Declaration, on the webpage located at <http://en.itvpad.com/blog/blogInfo61.html>
10 CNT expressly recommends the 516, BETV, and Hue Hai Kuan Pin apps for
11 television programming from Taiwan, mainland China and from TVB. Weil PI Decl.
12 ¶ 34, Ex. 16. I confirmed that this webpage remains unaltered since entry of the
13 Preliminary Injunction. Moreover, the same content has since been replicated on
14 CNT's new website, located at <http://en.mtvpad.com/blog/blogInfo61.html>. True and
15 correct copies of the aforementioned webpages, printed on July 28, 2015 and August
16 10, 2015 respectively, and which I confirmed accurately reflect the content of these
17 webpages, are attached hereto as **Exhibit 5**.

18 10. As noted in the Weil PI Declaration, elsewhere on the TVpad blog, CNT
19 touts the availability of live TVB content, also commenting that the TVpad offers
20 over 300 channels from mainland China, and more than 40 live channels from Hong
21 Kong and Taiwan, including TVB channels. Weil PI Decl. ¶ 36, Ex. 17. The same
22 blog post displays images of multiple Infringing TVpad Apps and, as noted by the
23 Weil Declaration, images from CCTV programming delivered through those apps. I
24 confirmed that this webpage, located at <http://en.itvpad.com/blog/blogInfo387.html>,
25 remains unaltered since entry of the Preliminary Injunction. I also confirmed that the
26 same content has been replicated on CNT's new website at
27 <http://en.mtvpad.com/blog/blogInfo387.html>. True and correct copies of the
28 aforementioned webpages, printed on July 28, 2015 and August 10, 2015

1 respectively, and which I confirmed accurately reflect the content of these webpages,
2 are attached hereto as **Exhibit 6**.

3 11. As noted in the Weil PI Declaration, another blog post on CNT's website
4 from January 2015 states that the infringing Gang Yue Wang Luo Dian Shi app
5 provides most of its live channels in high definition, and that they "are absolutely the
6 favorites of TVB fans," illustrating this point with a screenshot of a TVB program.
7 Weil PI Decl. ¶ 36, Ex. 18. Following entry of the preliminary injunction, I
8 confirmed that this web page, located at
9 <http://www.itvpad.com/blog/blogInfo400.html>, is apparently unaltered except for a
10 new TVpad Blog banner, while the same key graphic with the TVB program is still
11 present. As in the other examples, this same content has been replicated on the new
12 CNT website at <http://www.mtvpad.com/blog/blogInfo400.html>. True and correct
13 copies of the aforementioned webpages, printed on July 28, 2015 and August 10,
14 2015 respectively, and which I confirmed accurately reflect the content of these
15 webpages, are attached hereto as **Exhibit 7**.

16 12. I also confirmed that another CNT blog post discussed in the Weil PI
17 Decl (at ¶ 37, Ex. 19) remains on the CNT website. This CNT blog post instructs
18 customers how to download and install one of the infringing BETV apps (BETVII)
19 from the TVpad Store and how to select infringing television broadcasts, using a
20 series of screenshots. This post on CNT's website, located at
21 <http://en.itvpad.com/blog/blogInfo93.html>, remains unaltered notwithstanding this
22 Court's preliminary injunction order, and has since been replicated on the new CNT
23 website, located at <http://en.mtvpad.com/blog/blogInfo93.html>. True and correct
24 copies of the aforementioned webpages, printed on July 28, 2015 and August 10,
25 2015 respectively, and which I confirmed accurately reflect the content of these
26 webpages, are attached hereto as **Exhibit 8**.

27 13. Finally, as discussed in the Weil PI Declaration, CNT also aggressively
28 recruits new distributors in the United States and elsewhere by using TVB and CCTV

1 logos and falsely claiming this content is authorized for use on the TVpad. Weil PI
2 Decl. ¶¶ 33, 65-67, Exs. 15, 39. This content still appears on the original CNT
3 website at <http://en.itvpad.com/tvpad4/tvpadzs.html> and is replicated on CNT's new
4 website at <http://en.mtvpad.com/tvpad4/tvpadzs.html>. True and correct copies of the
5 aforementioned webpages, printed on July 28, 2015 and August 24, 2015
6 respectively, and which I confirmed accurately reflect these webpages, are attached
7 hereto as **Exhibit 9**.

8 **CNT's TVpad Facebook Page Also Remains Unaltered**

9 14. As part of my research into CNT's post-injunction compliance, I also
10 reviewed CNT's Facebook page to determine whether the posts previously identified
11 in Plaintiffs' motion for preliminary injunction as encouraging the use of Infringing
12 TVpad Apps or use of the TVpad to access Plaintiffs' copyrighted programs had
13 been taken down. All of these posts remain on CNT's Facebook page, with
14 additional promotions for the TVpad and encouragement of infringement of
15 Plaintiffs' copyrighted programs added in recent months.

16 15. The post on CNT's Facebook page that promotes the TVpad logo in
17 connection with program information for a CCTV documentary, identified in the
18 Weil PI Declaration (at ¶ 40, Ex. 20), remains on CNT's Facebook page. A true and
19 correct copy of this page, located at
20 <https://www.facebook.com/mytvpad/posts/637604316309012>, printed on July 28,
21 2015, and which I confirmed accurately reflects the content of this webpage, is
22 attached hereto as **Exhibit 10**.

23 16. The post on CNT's Facebook page featuring icons for the Infringing
24 TVpad apps BETV, 516, Yue Hai and Gang Yue Kuai and also demonstrating
25 streaming television content using a CCTV broadcast, which was identified in the
26 Weil Declaration at Paragraph 42 and Exhibit 21, remains available at
27 https://www.facebook.com/mytvpad/app_349313058487732. A true and correct
28

1 copy of that website, printed on July 28, 2015, and which I confirmed accurately
2 reflects the content of this webpage, is attached hereto as **Exhibit 11**.

3 17. Similarly, CNT has not taken down the Facebook posts in which CNT
4 administrators recommend that TVpad users download and use Infringing Apps to
5 access CCTV and TVB programming. For example, the posts discussed in the Weil
6 PI Declaration at Paragraphs 43 through 45 and shown in Exhibits 22 through 24
7 thereto are all still available on CNT's Facebook site. True and correct copies of
8 these pages, located at
9 https://www.facebook.com/video.php?_rdr=p&v=10201248080395719,
10 <https://www.facebook.com/mytvpad/posts/664505466952230>, and
11 [https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.1476890753](https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.147689075300541/547169388685839/?type=1)
12 [00541/547169388685839/?type=1](https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.147689075300541/547169388685839/?type=1), printed on July 28, 2015 and which I confirmed
13 accurately reflect the contents of these webpages, are attached hereto as **Exhibit 12**.

14 18. Since entry of the Preliminary Injunction, CNT has also not removed the
15 post in which administrators claim that TVpad's offerings of TVB content is "legal."
16 *See* Weil PI Decl. ¶ 47, Ex. 26. A true and correct copy of that post, located at
17 <https://www.facebook.com/mytvpad/posts/773538599382249>, printed on July 28,
18 2015 and which I confirmed accurately reflects the contents of this webpage, is
19 attached hereto as **Exhibit 13**.

20 19. Since entry of the Preliminary Injunction, new posts to the TVpad
21 Facebook page continue to both advertise the TVpad device for sale and encourage
22 users to access CCTV and TVB programs through the Infringing TVpad Apps. For
23 example, in response to a post on Facebook dated August 4, 2015 that advertises the
24 TVpad device and advises customers to use the official website and fan forum for
25 customer service assistance, a customer posted a request seeking advice about how to
26 upload Hong Kong TVB shows and dramas. In response, on August 6, 2015, a CNT
27 administrator of the Facebook page responded "Hong Kong Cantonese Network,
28 HKTV, HK Time Shift, HK broadband, etc." In another example, a user on August

1 6, 2015 asked on CNT's Facebook page "Just upgrade to TV pad 4, all TV drama in
2 Cantonese, even Taiwan drama, what do I need to download for mandarin speaking."
3 In response, a CNT administrator of the Facebook page responded "You can try
4 BETV, BETV plus"—both of which are Infringing TVpad Apps. True and correct
5 copies of these posts, located at
6 <https://www.facebook.com/mytvpad/posts/870011226401652> and
7 [https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.1476890753](https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.147689075300541/870004436402331/?type=1&theater)
8 [00541/870004436402331/?type=1&theater](https://www.facebook.com/mytvpad/photos/a.155317217871060.38096.147689075300541/870004436402331/?type=1&theater), printed on August 10, 2015 and captured
9 August 11, 2015 respectively and which I confirmed accurately reflects the content
10 of these webpages, is attached hereto as **Exhibit 14**, along with a certified English
11 translation of the first of the two posts.

12 **The TVpad Fan Forum Also Continues to Promote**
13 **the Infringing Apps and Infringement of Plaintiffs' Programming**

14 20. Since entry of the Preliminary Injunction, CNT also continues to operate
15 a TVpad fan forum at www.tvpadfans.com, which, as discussed in the August 10,
16 2015 post on the CNT Facebook page in **Exhibit 14** above, is the "official forum" for
17 the TVpad. As discussed in the Weil PI Declaration at Paragraphs 48-50, CNT's
18 official fan forum hosts numerous discussion threads about Infringing TVpad apps
19 and the availability of TVB and CCTV programming on the TVpad device including
20 discussions about which particular Infringing TVpad Apps stream CCTV and TVB
21 content, how to access those Infringing TVpad Apps, problems with the Infringing
22 TVpad Apps, and the like. These posts, discussed in the Weil PI Declaration at
23 paragraph 50 and shown in Exhibit 29 thereto, all remain on the CNT fan forum
24 without any alteration since entry of the Preliminary Injunction. True and correct
25 copies of these webpages, which are located at [http://tvpadfans.com/thread-271105-](http://tvpadfans.com/thread-271105-1-1.html)
26 [1-1.html](http://tvpadfans.com/thread-271105-1-1.html); <http://www.tvpadfans.com/thread-46824-1-1.html>;
27 <http://tvpadfans.com/thread-158026-1-3.html>; [191223-1-1.html](http://www.tvpadfans.com/thread-
28 <a href=); <http://tvpadfans.com/thread-158188-1-5.html>;

1 <http://www.tvpadfans.com/thread-167543-1-1.html>; and
2 <http://www.tvpadfans.com/thread-165359-1-1.html>, printed on July 29, 2015 and
3 which I confirmed accurately reflect that contents of these webpages, are attached
4 hereto as **Exhibit 15**.

5 21. More recent messages posted to the CNT fan forum after entry of the
6 Preliminary Injunction on June 11, 2015, continue to add similar content, with users
7 posting instructions and schedules for accessing CCTV and TVB programs on the
8 TVpad. True and correct copies of posts from July 2, 2015 through July 27, 2015,
9 located at <http://www.tvpadfans.com/forum.php?mod=viewthread&tid=374477> and
10 <http://www.tvpadfans.com/thread-374885-1-1.html>, printed on August 10, 2015 and
11 August 3, 2015, respectively, and which I confirmed accurately reflect the contents
12 of these webpages, are attached hereto as **Exhibit 16**, along with certified
13 translations to English.

14 22. In another post on the CNT fan forum dated July 22, 2015, a customer
15 states that “Admin recommended that I write a review to compare how the old and
16 new [TVpad] models differ.” The customer goes on to state in the review:

17 About 4-5 years ago, I bought the first generation TvPad.

18 At the time, I bought it because TvPad was the only thing I
19 could use to watch live broadcasts of Hong Kong programs
20 without paying a monthly fee. Before buying TvPad, I paid
21 a monthly fee of \$39.99 (US dollars, same for the rest of
22 the post) to watch Hong Kong Jade Channel.

23 At the conclusion of a lengthy review of the device, the customer goes on to
24 conclude: “If customers want to use it to watch Hong Kong program, [sic] I believe
25 TvPad is still the best option. Even though it is more expensive, it has better clarity,
26 smoothness, and reputation.” At the bottom of the review, the post notes that “This
27 thread was added by admin at 2015-7-23 16:13 into the list of best posts.” A true and
28 correct copy of this post located at <http://www.tvpadfans.com/thread-374801-1->

1 1.html, printed on July 31, 2015 and which I confirmed accurately reflects the
2 contents of this website, is attached hereto as **Exhibit 17**, along with a certified
3 translation to English.

4 23. I spent 22.6 hours researching, drafting and preparing exhibits in support
5 of Plaintiffs' Motion to Hold Defendant CNT in Contempt. My hourly rate in this
6 action is \$414. I was admitted to the bar in New York in 2008, and I am an
7 Associate at Davis Wright Tremaine LLP. My hourly rate is consistent with, and
8 actually substantially lower than, the rates charged by other law firms in New York
9 City for the work of associate attorneys with my level of experience. I also
10 supervised the work of John Arweiler, a paralegal with Davis Wright Tremaine LLP,
11 who helped to compile and prepare exhibits to support Plaintiffs' Motion to Hold
12 Defendant CNT in Contempt. Mr. Arweiler's hourly rate in this action is \$171 and
13 he spent a total of 6.1 hours preparing exhibits on this Motion. Based on my
14 experience working for two law firms in New York City, Mr. Arweiler's hourly rate
15 is consistent with the and on the low end of rates charged for the work of other
16 paralegals in the New York City area.

17 I declare under penalty of perjury under the laws of the United States of
18 America that the foregoing is true and correct.

19 Executed this 25th day of August, 2015.

DECLARATION OF WEIL

DECLARATION OF CHRISTOPHER WEIL

I, Christopher Weil, declare as follows:

1. I am a licensed private investigator and partner/shareholder of Mintz Group LLC (“Mintz”), a corporate research and investigations firm headquartered in New York, with offices located in Washington D.C., London, Hong Kong, Beijing, Nairobi, and six other cities throughout the world. I have been employed by Mintz since July 1999. I have worked as a corporate investigator for more than 15 years. During my career I have been involved in, and have overseen, hundreds of investigations involving intellectual property infringement, cybercrime, Internet forensics, and other matters. I make this declaration in support of Plaintiffs’ motion for contempt. I have personal knowledge of the facts contained herein, and, if called upon as a witness, I could and would testify competently about these facts, except for those matters stated expressly upon information and belief, which matters I believe to be true.

2. Mintz was retained in 2014 by Plaintiffs China Central Television (“CCTV”), China International Communications Co., Ltd. (“CICC”), TVB Holdings (USA), Inc. (“TVB (USA)”) and DISH Network L.L.C. (“DISH”) (collectively “Plaintiffs”) to investigate the TVpad device. I am and have been the lead investigator for Plaintiffs’ investigation of the TVpad since Mintz was retained.

3. I understand that on June 11, 2015 a preliminary injunction order was entered by the Court in this case against, among other defendants, Create New Technology (HK) Limited (“CNT”). As part of Mintz’s continuing investigation on behalf of Plaintiffs, on July 23, 2015, I directed Clara Ho, a licensed investigator in my San Francisco office who is also a Cantonese speaker, to purchase a TVpad4 device from CNT’s mtvpad.com website.

4. On July 28, 2015, Ms. Ho accessed the mtvpad.com website and placed an order for a TVpad4. The price for the TVpad device was \$249. Ms. Ho subsequently contacted a representative with mtvpad.com to update the shipping

1 information to an address in Studio City, California, again at my direction. That
2 shipping address correction was implemented by CNT on July 29, 2015. True and
3 correct copies of the transaction emails and payment confirmation are attached hereto
4 as **Exhibit 24**, with details concerning Mintz's confidential address and mobile
5 phone information redacted for privacy and confidentiality.

6 5. The device shipped from Hong Kong on July 31, 2015, and arrived at a
7 Mintz drop box located in Studio City, California on August 3, 2015. A true and
8 correct copy of the DHL shipping waybill for the device, with the confidential mail
9 drop location information redacted for privacy and confidentiality, is attached hereto
10 as **Exhibit 25**.

11 6. At my direction, the device was subsequently shipped from the Studio
12 City address where the device was originally shipped, to Mintz's headquarters in
13 New York for forensic analysis by Nicholas Braak, another investigator working
14 under my direction and control. The TVpad4 arrived in Mintz's offices on August
15 13, 2015, after which Mr. Braak immediately began inspecting the device
16 forensically, as set forth in his declaration.

17 I declare under penalty of perjury under the laws of the United States of
18 America that the foregoing is true and correct.

19 Executed this 19th day of August, 2015 in New York, New York.

DECLARATION OF BRAAK

DECLARATION OF NICHOLAS BRAAK

I, Nicholas Braak, declare as follows:

1. I am a licensed private investigator, and have worked as a computer forensics investigator for more than nine years. I am employed by the Mintz Group LLC (“Mintz”), a corporate research and investigations firm based in New York, with offices in Washington D.C., London, Hong Kong, Beijing, Nairobi, and six other cities throughout the world. I have worked for Mintz since January 2014. During my career in information security and digital forensics, I have participated in hundreds of investigations involving intellectual property rights, cybercrime, Internet forensics, and other matters. I make this declaration in support of Plaintiffs’ motion for contempt, and as a supplement to my declaration dated March 6, 2015, which declaration was submitted in support of Plaintiffs’ motion for preliminary injunction in this action. I have personal knowledge of the facts contained herein and, if called upon as a witness, I could and would testify competently about these facts, except for those matters stated expressly upon information and belief, which matters I believe to be true.

2. Mintz was retained in 2014 by Plaintiffs China Central Television (“CCTV”), China International Communications Co., Ltd. (“CICC”), TVB Holdings (USA), Inc. (“TVB (USA)”) and DISH Network L.L.C. (“DISH”) (collectively “Plaintiffs”) to investigate the TVpad device. Our services included (a) forensic analysis of the TVpad device and of the network that streams unauthorized CCTV and TVB television channels and video-on-demand programming from Asia over the Internet into the United States, and (b) investigation into the origin, distribution, and sale into and within the United States of the TVpad.

3. I managed the Internet forensic investigation for this matter and conducted research at the direction of Christopher Weil, the lead investigator. As part of my work on the investigation, I personally viewed and tested, by the means described herein, each TVpad device our investigators purchased in the course of this

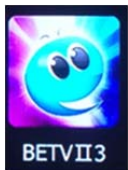

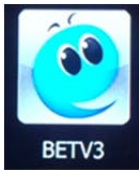

1 investigation. I have personally viewed and caused to be recorded streamed content
2 delivered by those devices.

3 4. I understand that on June 11, 2015 a preliminary injunction was entered
4 by the Court in this case against, among other defendants, Create New Technology
5 (HK) Limited (“CNT”). As part of Mintz’s continuing investigation on behalf of
6 Plaintiffs, after the Court entered its injunction, I conducted forensic investigation of
7 the TVpad devices Mintz’s investigators had purchased earlier in our investigation to
8 determine whether CNT has complied with the preliminary injunction order. The
9 results of my forensic analysis of the devices are set forth below.

10 **The Infringing TVpad Applications Are Still Made Available on The TVpad**
11 **Device and They Still Stream CCTV and TVB Programs.**

12 5. Through our initial investigation of the TVpad device, Mintz previously
13 identified 15 TVpad applications (“apps”) that users can download from the TVpad
14 Store on either a TVpad3 or TVpad4 device that stream CCTV and TVB copyrighted
15 television programming to users of the TVpad (the “Infringing TVpad Apps”). The
16 Infringing TVpad Apps stream infringing content to users via four different
17 streaming modes: “live” streaming, “time-shifted” streaming, and two forms of
18 “video-on-demand” streaming. These 15 Infringing TVpad Apps are identified in the
19 chart below:

6. As part of my post-preliminary injunction investigation, I analyzed whether (a) each of the Infringing TVpad Apps listed above are still available for download in the TVpad Store for each of the TVpad devices that Mintz purchased as part of its investigation, and (b) whether the Infringing TVpad Apps continue to stream TVB or CCTV content. From on or about June 15, 2015 until August 14, 2015, I periodically monitored the TVpad3 and TVpad4 devices that Mintz purchased for purposes of its investigation. During that time period, I confirmed that 14 of the 15 Infringing TVpad Apps identified above continue to be available for download from the TVpad store, and all 15 of the Infringing TVpad Apps continue to stream TVB and CCTV content on at least one of the TVpad models. The only changes that have occurred are that the Gang Yue Wang Luo Dian Shi and Yue Hai Zhi Bo apps are no longer available for download on TVpad3 device from the TVpad store. However, the Gang Yue Wang Luo Dian Shi app can still be downloaded from the TVpad Store on TVpad4 devices. In addition, on the TVpad3 devices that Mintz previously purchased and upon which Mintz had already downloaded copies of the Yue Hai Zhi Bo app, that app still functions and continues to stream TVB content.

7. My forensic investigation also confirms that, even after the preliminary injunction order was entered in June 2015, the Infringing TVpad Apps in the TVpad

1 Store continue to stream CCTV and TVB programming. These Infringing TVpad
2 Apps stream CCTV and TVB programs in four modes:

- 3 • live television programming as it is broadcast, subject to a minor
4 delay due to the video capture and streaming process (“Live TV
5 Mode”);
- 6 • time-delayed live television programming, such that programming is
7 streamed around the same time of day in the U.S. as it originally
8 aired in China, depending on respective time zones (“Time-Shifted
9 Mode”);
- 10 • specific recorded programming chosen through a menu system, often
11 known as video-on-demand (“VOD Mode”); and
- 12 • specific recorded programming chosen through a menu system for a
13 specific time frame, such as the last three days (“Replay Live
14 Mode”).

15 8. As part of my post-preliminary injunction investigation, from time to
16 time over the period of June 15, 2015 through August 14, 2015, I accessed the
17 Infringing TVpad apps and found that each of the 14 Infringing TVpad Apps
18 available in the TVpad Store continue to deliver CCTV or TVB content in one of the
19 four modes described above.

20 9. I confirmed that, following entry of the preliminary injunction order, the
21 live television video data streamed through Infringing TVpad Apps in Live TV Mode
22 continues to be delivered to TVpad users through a peer-to-peer network on the
23 TVpad3 and TVpad4 Devices in the same manner as I detailed in my declaration
24 dated March 6, 2015 at Paragraphs 53 through 56. In other words, TVpad users who
25 use Infringing TVpad Apps to watch live CCTV and TVB programming not only
26 receive that programming, but continue to simultaneously retransmit that
27 programming to large numbers of other TVpad users in the United States and
28 elsewhere.

1 10. I also was able to confirm that, following entry of the preliminary
2 injunction order, the Infringing TVpad Apps in Live TV Mode continue to connect to
3 a set of leased commercial servers that the apps treat as peers (“Live TV Servers”).
4 These Live TV Servers also stream content to the TVpad devices, presumably to add
5 stability to the peer-to-peer network, especially when few TVpad peers are online.
6 Just as before, since entry of the preliminary injunction, a number of these Live TV
7 Servers continue to be located in the United States, including in Los Angeles,
8 California.

9 11. I was also able to confirm that, post-preliminary injunction, the
10 Infringing TVpad Apps that offer VOD Mode and Replay Live Modes continue to
11 allow TVpad users to select an available television program (such as a specific
12 episode from a CCTV or TVB television series) to view “on demand”—that is,
13 commencing from the beginning of the program and playing the program whenever
14 the user chooses. Infringing TVpad Apps in VOD Mode and Replay Live Mode
15 continue to receive video streams from servers in the U.S., including in Los Angeles,
16 California.

17 12. Since entry of the preliminary injunction order, the Infringing TVpad
18 Apps that offer Time-Shifted Mode continue to stream video content by means of a
19 combination of peer-to-peer streaming and direct streaming, while at other times,
20 they stream video content exclusively through direct streaming from servers. Time-
21 Shifted direct streams of television programming continue to appear to originate with
22 servers in China and in California.

23 13. During my post-preliminary injunction investigation, I was able to
24 confirm that the Infringing TVpad apps continued to offer CCTV programs through
25 each of the Time-Shift, Live TV and Replay Live modes and TVB programs through
26 each of the VOD, Time-Shift, Live TV and Replay Live modes. In fact, by spot
27 checking the streaming of devices from June 15, 2015 through August 14, 2015, I
28 was able to confirm that those Infringing TVpad apps that offer live CCTV and TVB

1 programs do so around the clock, every day of the week, with the exception of
2 occasional outages for maintenance or technical problems.

3 14. As further detailed in the Declaration of Christopher Weil, on July 28,
4 2015, Mintz purchased a new TVpad4 device from CNT's website, mtpad.com.
5 The device was transferred to my custody on August 13, 2015 at Mintz's
6 headquarters in New York, where I began forensic examination of the new device.
7 The new TVpad4 device is contained in the same packaging as the other TVpad4
8 devices that Mintz has purchased as part of its investigation. Likewise, the device
9 itself looks the same as the TVpad4 models we have purchased in the past.

10 15. Upon starting up the new TVpad4 device and connecting it to the
11 Internet, I was able to make the following observations:

- 12 • The same TVpad4 User Agreement Screen that I identified in my March
13 6, 2015 declaration at paragraph 30 continues to appear once the device
14 is started. Notably, Create New Technology (Hong Kong) Limited is
15 identified as the supplier of all TVpad products. Attached hereto as
16 **Exhibit 26** are true and correct screenshots of the setup screens for the
17 TVpad4, including the TVpad Legal Information and User Agreement,
18 which I personally captured.
- 19 • After the user accepts the terms of use on the TVpad4, a series of four
20 promotional screens appear as a slideshow on the device. Those
21 promotional screens feature icons for one of the Yue Hai Infringing
22 TVpad Apps and the 516TV Infringing TVpad App in exactly the same
23 manner as I identified in my March 6, 2015 declaration at Paragraphs 31
24 through 32.
- 25 • The home screen on the TVpad4 still has a menu bar at the top of the
26 screen that contains the following options: "Picks", "Top",
27 "Categories", "Search", and "Management." The selected option is
28 highlighted, and the others are dimmed. The home screen of the

1 TVpad4 still defaults to the “Picks” option, and this screen
2 automatically shows icons under “New” and “Hot” categories of apps.
3 The home screen on the TVpad4 is identical to that which I documented
4 in my March 2015 declaration at Paragraph 46, including listing the
5 same six Infringing TVpad Apps.

6 16. I also confirmed that the TVpad4 device we purchased from CNT after
7 entry of the preliminary injunction came equipped with a TVpad Store that offers for
8 download all nine of the Infringing TVpad Apps available for download on TVpad4
9 devices, as identified in the chart at Paragraph 5, above. In addition, when I
10 downloaded those Infringing TVpad Apps onto the new TVpad4 device, I was able
11 to confirm that the device continues to provide CCTV and TVB content via VOD,
12 Time-Shift, Live TV and Replay Live modes in the same manner as the TVpad4
13 devices that Mintz already had in its possession from its earlier investigation. The
14 TVpad4 we purchased post-preliminary injunction also continues to stream TVB and
15 CCTV content through the Infringing TVpad Apps 24 hours a day, every day of the
16 week, as do the other TVpad4 devices Mintz purchased earlier.

17 17. The only material difference I observed with the TVpad4 device we
18 purchased post-preliminary injunction is that it has the latest version of firmware
19 already installed on the device. As with the other TVpad devices Mintz previously
20 purchased, the devices periodically receive messages advising a user to update the
21 firmware to the most current version. The TVpad4 we purchased post-preliminary
22 injunction was already updated upon receipt, suggesting it is either a newly built
23 device or an existing device newly updated prior to shipment to the United States.

24 ///

25 ///

1 18. The ability of CNT to make firmware updates indicates that CNT could
2 have made other updates to comply with this Court's preliminary injunction order,
3 but has failed to do so.

4 I declare under penalty of perjury under the laws of the United States of
5 America that the foregoing is true and correct.

1 TVpad device's "TVpad Store" to determine which apps illegally stream TVB
2 channels and TVB programs without authorization (the "Infringing TVpad Apps").

3 4. As part of my investigation in support of TVB's motion for preliminary
4 injunction, I personally viewed the programs made available on a number of TVpad
5 apps to determine which Infringing TVpad Apps were streaming TVB programs
6 without authorization. As part of that effort, I also documented a number of
7 copyrighted TVB programs that were illegally transmitted by way of Video on
8 Demand ("VOD") through the TVpad device. These findings are detailed in my
9 declaration dated March 13, 2015 at Paragraphs 26 and 27.

10 5. After the Court entered the preliminary injunction order in this matter on
11 June 11, 2015, I and several of TVB colleagues at my direction accessed the TVpad1,
12 TVpad 3 and TVpad 4 devices that TVB had purchased for purposes of our
13 investigation in order to determine whether the TVB programs that I had previously
14 identified as being made available on the TVpad device through the Infringing
15 TVpad Apps had been taken down by CNT, as required by the preliminary injunction
16 order.

17 6. From June 18, 2015 through June 22, 2015, I used a TVpad3 device
18 located in my office, and later in my home, to determine what TVB programs are
19 available on the TVpad device using the Infringing TVpad App called Gang Yue
20 Wang Luo Dian Shi, which provides VOD content. I opened the app and personally
21 observed which TVB series and episodes were available for streaming. I also
22 accessed and viewed a portion of each of 1,216 episodes of TVB programming
23 through this Infringing TVpad App to confirm that the content was viewable once
24 accessed.

25 7. From June 18, 2015 through June 22, 2015, at my direction, my
26 colleague Ringo Wong used a TVpad 1 device located in his home to determine what
27 TVB programs are available through the Infringing TVpad App called Gang Yue
28 Kuai Kan, which also provides VOD content. Mr. Wong confirmed that he opened

1 the Infringing TVpad App and personally observed that all 774 episodes of the TVB
2 Program entitled “Come Home Love” were viewable on the TVpad device through
3 the Gang Yue Kuai Kan app.

4 8. From June 18, 2015 through June 22, 2015, at my direction and in my
5 presence, my colleague Eva Tam used a TVpad 4 device located at TVB’s offices to
6 determine what TVB programs are available through the Infringing TVpad App
7 called Gang Tai Wu Xia, which also offers VOD content. Ms. Tam opened the app,
8 and we personally observed what TVB series and episodes were available for
9 streaming by that VOD app. We accessed and viewed a portion of 398 episodes of
10 TVB drama programs that were available on the TVpad device through this
11 Infringing TVpad App.

12 9. Of the 406 episodes of TVB programs that I documented in my
13 preliminary injunction declaration were being streamed through VOD Apps on the
14 TVpad devices, I and my team were able to confirm that 400 of the same TVB
15 episodes still could be streamed through the TVpad device and the Infringing TVpad
16 Apps after the Court’s entry of the preliminary injunction order. The only episodes
17 that were no longer available at the time of our June 2015 test were six episodes from
18 the “Black Heart White Soul” program. In my experience investigating TVpad VOD
19 content, it is not uncommon for various programs to be removed from or added to the
20 VOD lineup of programming from time-to-time. In fact, when my colleague Ringo
21 Wong conducted another test of the Gang Yue Wang Luo Dian Shi Infringing TVpad
22 App at my direction on August 24, 2015, he determined that all 30 episodes of
23 TVB’s Black Heart White Soul program were once again available for streaming.

24 10. In total, during our June 2015 testing, I and my team witnessed 2,388
25 episodes of TVB programs being made available in VOD format through Infringing
26 TVpad Apps on TVpad devices after entry of the Court’s preliminary injunction
27 order. Of these episodes, 1,781 of these works are registered with the U.S. Copyright
28

1 Office. This is but a small portion of the registered or otherwise protected works that
2 are available through the TVpad device without TVB's authorization.

3 11. After our post-injunction June tests, I again attempted to access the same
4 TVB programs from August 7, 2015 through August 10, 2015 to see if the programs
5 we identified in June remained available on the TVpad device. I opened each
6 relevant Infringing TVpad App and personally observed which TVB series and
7 episodes were available for streaming on the menus of the Infringing TVpad Apps. I
8 then spot checked the continuing availability of each TVB series on the TVpad by
9 attempting to access and stream several episodes from each series.

10 12. Of the 2,388 episodes I and my team confirmed were available for
11 viewing and streaming by the public in June 2015, all 2,388 episodes still appeared
12 on the menus for the three Infringing TVpad Apps I and my team accessed earlier in
13 June, but not all episodes could be actively streamed during our August testing
14 period. However, 1,784 TVB program episodes were still available for video on
15 demand viewing through these three Infringing TVpad Apps in August.

16 13. The TVB programs and episodes that we were able to view post-
17 injunction on the TVpad devices represent only a portion of the unauthorized TVB
18 programming that these Infringing Apps make available to consumers since entry of
19 the preliminary injunction. During Ringo Wong's re-test of the Gang Yue Wang Luo
20 Dian Shi Infringing TVpad App on August 20, 2015, Mr. Wong documented
21 hundreds of additional TVB program episodes that were available for streaming on
22 the TVpad device. In all, during this August 20, 2015 test, Mr. Wong determined
23 that 510 additional episodes from 24 TVB television programs that we had not
24 previously tested were available for viewing through this Infringing TVpad App. Of
25 these, 21 of these programs are either works registered with the U.S. Copyright
26 Office, or for which registration applications have been filed with the Copyright
27 Office. The remaining programs are of such recent vintage that they are still in the
28 process of being aired or were just recently aired in Hong Kong or the United States.

1 Given the fact that these new TVB program episodes are already on the Infringing
2 TVpad Apps' VOD menus, it is fair to say that all the live mode TVpad dramas are
3 being quickly converted into VOD format and made available on TVpad devices as
4 soon as each episode of that drama has finished airing live. This conversion is an
5 example of how TVB is being injured not only by the constant streaming of its live
6 broadcasts through these Infringing TVpad Apps, but also by the ongoing
7 accessibility of these programs for repeated and ongoing infringement by uncounted
8 TVpad users on a daily basis once they are converted to VOD. Attached hereto as
9 **Exhibit 21**, is a true and correct list of all the TVB episodes I and my team
10 confirmed through our testing are still being made available on TVpads since entry of
11 the preliminary injunction order, along with copyright registration information where
12 applicable, the dates infringement was confirmed, and the Infringing TVpad Apps
13 through which these programs were accessed.

14 14. On June 24, 2015, Liz Lai, then Director of Programming at TVB USA,
15 forwarded me an email she had received the same day from tvpadmail.com,
16 advertising the TVpad 4 device. When I clicked on the advertisement in the email, it
17 redirected me to [http://cn.mtvpad.com/group.html?utm_source=](http://cn.mtvpad.com/group.html?utm_source=dianshibao&utm_medium=94fqyt&utm_campaign=20150624)
18 [dianshibao&utm_medium=94fqyt&utm_campaign=20150624](http://cn.mtvpad.com/group.html?utm_source=dianshibao&utm_medium=94fqyt&utm_campaign=20150624), and to an offer to
19 purchase the TVpad 4 device at the official store for TVpad. The advertisement
20 offers a \$10 Amazon gift card for a story about the user and his or her father. A true
21 and correct copy of the advertising email forwarded to me by Ms. Lai is attached
22 hereto as **Exhibit 22**.

23 15. On July 10, 2015, Ms. Lai forwarded to me another email she had received the
24 same day from tvpadmail.com, again advertising the TVpad 4 device. When I
25 clicked on the advertisement in the email, it redirected me to

1. I am licensed to practice law before all the courts in the State of California and am admitted to the Central District of California and the United States Court of Appeals for the Ninth Circuit. I am a partner at Davis Wright Tremaine LLP, counsel for Plaintiffs in the above-entitled matter. I submit this Declaration in support of Plaintiffs' Motion to Hold Defendant Create New Technology (HK) Limited ("CNT") in Contempt of Court (the "Contempt Motion"). I have personal knowledge of the facts contained herein, and, if called upon as a witness, I could and would testify competently about these facts, except for those matters stated expressly upon information and belief, which matters are believed to be true.

3. I spent 52.9 hours researching and drafting Plaintiffs' Contempt Motion and all supporting documents, including preparing exhibits, and coordinating with all declarants to investigate the scope of CNT's ongoing contempt. My hourly rate in this action is \$510 per hour. I was admitted to the bar in California in 2002, and I am a partner with Davis Wright Tremaine LLP. My hourly rate is consistent with, or lower than, the rates charged by other law firms in Los Angeles for partners with my experience.

4. When totaling my time on the Contempt Motion, as well as the time spent by my colleagues Mr. Wukoson and Mr. Arweiler, Plaintiffs have incurred attorneys' fees of \$34,680.60 to date on the Contempt Motion. Other attorneys, including Lacy H. Koonce III and Robert Balin, have also billed Plaintiffs for their time on the Contempt Motion, and I expect that as we prepare for any hearing before the Court, Plaintiffs will incur additional expense associated with this Contempt Motion. I will submit a supplemental declaration detailing additional attorneys' fees along with Plaintiffs' Reply, and at the Court's request, at the time of any hearing on the Motion.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed this 25th day of August, 2015.

TVpad4 NEW ARRIVAL Amazing & Awesome

From:TVpad By:Camilla

It's a great day for TVpad fans. TVpad4, our powerful streaming player, is available!
I'm really excited to introduce its new features and the differences among TVpad4,
TVpad3 and other streaming players from the following aspects.

1. Appearance

From the above pictures we can find that TVpad4 is smaller and thinner than TVpad3.
And the corner of TVpad4 is rounded instead of hard edges bringing us a soft feeling.

2. H.265-high efficiency video coding

TVPAD必裝：港粵網路電視，這個APP足夠爽！！！

出處：TVpad 作者：Nicole 發表時間：2015-01-08 11:32:11

TVPAD4到手10多天。個人覺得比前幾代有很多改變，例如清晰度、介面還有遙控器。個人傾向於粵語節目，買TVPAD也是因為它專門的粵語應用比較好，對這方面比較關注。。所以和大家分享一下這方面心得：

TVPAD4上架了一個新的APP：港粵網路電視。又一個TVPAD專用的APP。。。

不知道有多少人在用它，不過確實有它的獨特之處，介面和分類很像泰捷視頻。。綜合了其他粵語應用的功能在裡面，感覺粵海真頻、粵海時移、港粵快看、粵TV這些加起來都沒有港粵網路電視一個APP牛逼~~~~

手把手教你用ipad看Tvpad.....

TVpad2 体感游戏全攻略 (.....

TVpad常見問題解析

携手TVpad2012欧洲杯决赛.....

超凡智能，非凡体验，TVpad2.....

無圖無真相，先看看這個軟體：

前面說了，介面和泰捷視頻、愛奇藝之類的雷同。。不過直播和重播是特色吧，畢竟很多國內出名的APP因為政策原因不敢上這兩個功能，海外專用的APP就沒有這個限制了。

節目內容

總體來說，節目比上面說的粵海寬頻這幾個粵語APP加起來要多，好就好在，用一個APP就可以方便切換。

直播大部分都是高清台，絕對是愛看TVB的筒子的真愛。

點播給分成電視劇電影和綜藝。。我最喜歡的就是TVB劇集和娛樂節目全是

1080P高清視頻~~相比其他一些盒子，作為TVPAD專有APP的口碑還是不錯的，更新速度方面還需要一段時間跟進才知道。

電影內容有待增加，畢竟每年的影片都很多，能讓我們第一時間看到免費的新電影才是最重要的。希望TVPAD官方人員看到我的建議。。

這個專門給倒時差和平時忙的筒子準備的，建議台再搞多一些。。

總結一下：

- 1、功能比較全，足夠用了，直播點播和重播都整合在一起了。
- 2、一個軟體相容了其他幾個粵語APP的功能，不需要下載很多個粵語APP，看的

時候不要來回切換也省事。。省得老媽記不住，老問我哪個APP是看什麼。。

3、節目資源基本上是一些比較新的節目和電影。可點播的內容比其他幾個粵語APP加起來多。不過還是希望多多益善~~~

4、點播內容基本都是高清的，直播有一大半是高清，而且看官方的宣傳趨勢可能慢慢的都轉為高清。

5、換台載入的時間大概在2-3秒之間（我家20M頻寬），可以接受。

總的來說，使用方便，體驗也好。TVPAD完全可以考慮用港粵網路電視替代其他幾個粵語APP了，沒必要整這麼多APP讓大家眼花繚亂！！！

非常值得推薦的一款APP。特別是有老人的家庭，用港粵網路電視的話方便不少。

Ann Lo 這場當然有看，精彩得血壓升高，房子搖晃，聲震動屋簷。哈哈，樂透了幾天。NBA 常常有這樣緊張的賽事，現在我uncle 都在cctv5，廣東體育，五星體育收看，因為有中文旁白。

新一代TVpad4大不同

备受期待的TVpad4终于上市，很多TVpad的粉丝们这几天一直在说一个问题，说TVpad4与其他盒子比有何不同，甚至跟上一代的TVpad3有什么创新或者突破，到底有多牛x，下面就让小编来给大家整理，整理，希望对大家了解TVpad4有好处。（为了跟更形象直观，我直接用对比形势来展示给大家看）

1、首先咱来看一下外观：

TVpad4比起其他盒子更纤薄、更轻巧、更圆润、更精致。

2、播放更清晰了，TVpad4采用最新的H.265高清解码技术，什么叫H.265技术，这个直接看图更能明白。

H.265视频编码技术首次尝试海外中文盒子商业化，实属国际领先水平。

H.265技术下TVpad4播放1080P超高清播放效果，比TVpad3的画质清晰不少。

3、顶配硬件
内芯强劲，才够持久动力

品牌	TVpad4	某米	某模仿品牌
CPU	四核	双核	双核

四核CPU，操作反应、视频播放处理速度秒杀同行，加之首款使用H.265技术的盒子，播放，不卡机，体验飞起来！！

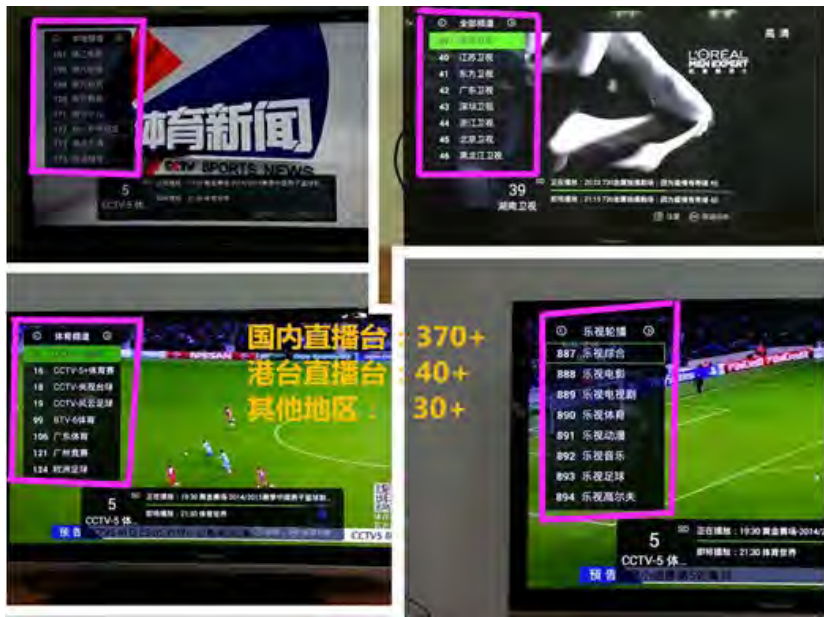

4、UI界面对比

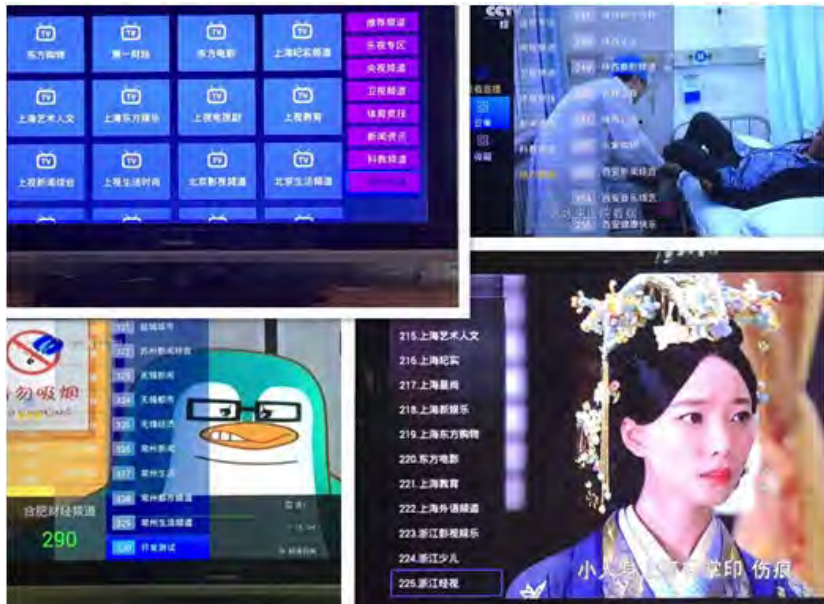

UI越来越人性化，操作更实用、更高效简单，切换速度极快。

5、节目内容（这个是最牛x之处，其他地方完全没有）

直播：

港台剧都正常播放
300多个国内台+40多个港台直播
国内盒子受限政策因素，不支持直播功能，海外同类盒子收费或少量直播台

点播：
覆盖中、港、台、美、日、韩等几乎所有热门经典电影、电视剧，以及新闻、体育、娱乐节目。

时移：
国内盒子受限政策因素，不支持时移功能，海外同类盒子少有时移功能。

6、特有直播APP

独家拥有粤海宽频、粤海宽频2、粤海时移、港粤快看等10余个APP。
最近最火的HKTV??看图有惊喜~

更多精彩，请购买体验.....

[江苏卫视2013蛇年春晚]

据说下面是表演嘉宾的全名单：

PSY(鸟叔)、陈奕迅、汪峰、孙楠萧亚轩、李宇春、梁静茹、舒淇、林忆莲、潘长江、范伟、郭冬临、小沈阳、赵本山、刘谦、关喆、庾澄庆、吴莫愁、那英、张玮、龚琳娜、吴建豪、言承旭、杨丽萍、龚琳娜、延参法师

鉴于本版伙伴们的推荐，先把欧冠四强活动继续下去。
感谢cheungyingfun hicuagain candice 的热心。

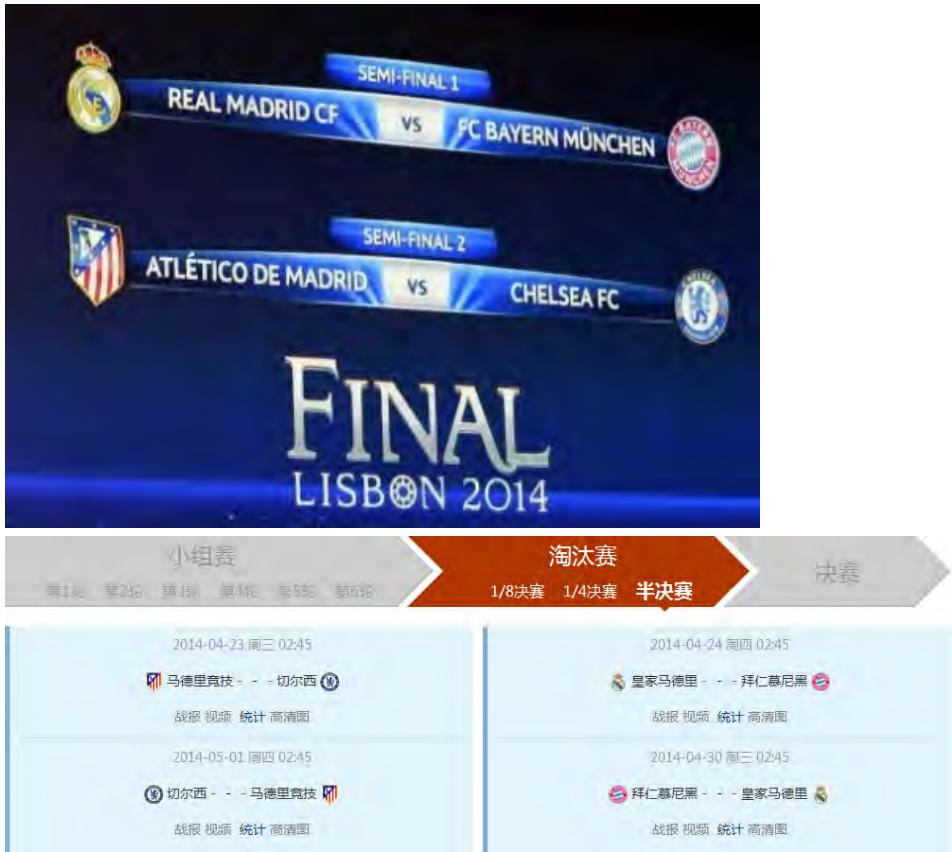

欧冠四强出乎我们的意料，马竞成为一匹黑马搅动欧冠时局，当然，每场比赛都很精彩，球队都是百分百的投入激情进行战斗，即使8强中那些落败者，也是真英雄，因为他们和4强一起的奉献，我们才看到了那些激动人心的比赛，翻盘、逆转、强势.....

8强有个定律，不知道伙伴们发现了没有？？？
主队不败，胜率更是高的惊人，达75%。
而皇马的德国行依旧沿袭了传统。此番对战拜仁，能够完成逆袭吗？？？
马竞和切尔西不得不说精神可嘉，在不被看好的前提下，两队表现出惊人的战力，半决赛中两队直接碰撞也是值得期待！！
试问今年谁能站在里斯本光明球场之巅？？？C罗在家乡捧杯？？？拜仁强势5年4进决赛，欧冠2连霸？切尔西王者归来？马竞一黑到底？？？

好了，现在来讲下活动规则了。。。

皇马的贝尔开始爆发，但是不看好皇马的欧冠运气。哈哈哈

点评

brightlook 你说有没有可能欧冠最后来个同城大战？？？皇马客战德国的宿命要打破才有戏。。。 详情 回复 发表于 2014-4-18 13:42

最近一直都是换台缓冲时间太长, 下载速度前6, 7秒钟里尚不去100, 糟糕的时候甚至只有各位数的下载速度。不过, 等的时间长点儿也无所谓了, 能看就好!

希望TVpad到时候别掉链子! ~

我相信很多 TVpad 的工作人員都一齊看，他們是会見到問題的存在！ 我相信大家都会盡量看本地高清台.

因樓主說 "看CCTV5 高清要收费"

不要忘記 black Friday again! (玩笑而矣!)

請問 TVPAD - OL Sports app 有無可能將 CCTV 5/CCTV 5+ 變成高清?

小米上的 VST 同埋怒風直播都有 HD CCTV 5 source.

Thanks

OL Sports app無CCTV 5+ 高清. 但是CCTV 5的高清在BETV HD 的app中可以看到，同意楼主， 如果能有CCTV 5+的高清频道就更好了。
